

The Maui Woman's Club

(Official Report by Club's Press Committee)

The monthly meeting of the Maui Woman's Club was held in the Territorial Fair building on Monday afternoon, March 1.

Owing to the absence of Mrs. Steele on account of sickness, Mrs. Missner read the report of the Civic Improvement Department, in which plans were submitted for the organization of a humane department within the club but separate from any other department. An amendment to the constitution being necessary before such a department can be created, a motion was made and carried that such an amendment be made, the matter to be taken up at the next meeting.

Clean-Up Ordered

Mrs. Missner also stated that the department had decided to have a "Brighten-Up" week from March 22nd to 28th inclusive, in which all Maui should be invited to take part, including the "Outdoor Circle" in Lahaina. Posters reflecting the "brighten up" spirit to be asked of everybody and a prize to be offered to the school children for the best poster and best composition on the subject, the composition to be composed of not more than 200 words. The County Fathers, stores and moving picture houses to be asked to co-operate in a general clean-up campaign.

Complaint About Buildings

The matter of the unsightly buildings being erected near the County Hospital was discussed and the President was asked to appoint a committee to investigate the matter.

Mrs. Sawyer reported an increasing interest in the educational department there being 40 members enrolled at present. She also reported much good work as having been done in the way of distributing magazines, pictures, etc., to isolated schools, some 720 magazines having been distributed to date beside many pictures, games, etc. She also stated that Mr. Wells is about to visit some of the more isolated schools for the last time this year and will be glad to take any donations of the above nature. That

the school children appreciate the efforts being made in their behalf is shown by the many letters of thanks received from them by the department.

Mrs. Sawyer also reported that the committee appointed to interview the supervisors with regard to the apparatus needed for the track meet in March had been cordially received by them, and that the committee received not only the lumber for the equipment but also blueprint models for the boys to follow in making the apparatus.

Reform Legislation Urged

Mrs. H. A. Baldwin, chairman of the legislative committee, presented three matters as subjects for resolutions to be presented to the legislature at the special May session, namely:

(1) A large appropriation for schools, for teachers' salaries and school equipment following Mr. MacCaughy's lead.

(2) An amendment to the Child Welfare Law. As the law now stands it seems no provision is made for orphans or for a family of children whose mother is dead and father living.

(3) Woman's Suffrage. Following the reading of this report resolutions were endorsed by the club favoring the amendment in regard to the child welfare law, woman's suffrage and the abolishing of the Japanese language schools.

Mrs. Gibbs then presented some literature in regard to "band of mercy" organizations and suggested that such an organization be started on Maui among the children, each child to sign a pledge to be kind to animals. It was suggested by the President that this matter should later be referred to the humane department.

The business being disposed of, Mrs. Gowanish, assisted by Mrs. Mouny, gave a drill in parliamentary law which was much appreciated.

Former Maui Resident Passes Away In Honolulu

Mrs. Amalea W. Andersen, widow of the late Hans Andersen, died at her home, 276 Beretania Avenue at 12:05 o'clock this morning. Death was due to heart trouble and followed an illness of but two days. Mrs. Andersen was a native of Christiania, Norway and was 60 years of age. She came to Hawaii 40 years ago and was married on the island of Maui about 34 years ago. Her late husband was connected with various plantations on Maui and Oahu and at his death in 1912 was head luma on Waianae plantation.

Mrs. Andersen leaves three sons, W. A. Andersen, with the Insurance Department of Theo. H. Davies & Co., Ltd., Andrew Andersen, a teller in the Bank of Hawaii, Ltd., and Henry Andersen a conductor with the Honolulu Rapid Transit & Land Co., Ltd., and one daughter, Miss Grace Andersen, who is employed by the Quartermaster Corps, United States Army. There are also relatives in Norway.

Funeral services will be held from the undertaking parlor of H. H. Williams at 3 p. m. today.—Advertiser of Feb. 26.

Mrs. Sereno Bishop Is Dead—Was 94 Years Old

Mrs. Cornelia Bishop, one of Hawaii's kamaaina and widow of Dr. Sereno Bishop, died at her home in Manoa, Honolulu, last Sunday, at 9 o'clock. Mrs. Bishop was 94 years old and very feeble. She recently caught a severe cold which undermined her little remaining strength and resulted in death.

Born in Watertown, N. Y., Mrs. Bishop came to Hawaii 67 years ago as the bride of Sereno Bishop, who had been born in the islands, his parents being among the first missionaries to reach this country. After their marriage, which took place at Albany, May 31, 1852, the couple sailed immediately for Hawaii. The trip around the Horn took six months, and after changing vessels in San Francisco, they arrived in Hawaii on January 15, 1853.

Upon their arrival in the islands, Dr. and Mrs. Bishop located in Lahaina, Maui, where they lived for many years, later moving to Hana. Mrs. Bishop used to assist her husband in his missionary work, being an able teacher who particularly loved this kind of work.

The funeral was held from Central Union church on Tuesday afternoon, the body cremated and later interred in Kawaiahae cemetery. It was very largely attended.

NO PLANES SUITABLE FOR TRANS-PACIFIC FLIGHT
NEW YORK, Feb. 28.—The Aero Club of America has issued a "last call" for entries for the Trans-Pacific airflight, for which a prize of \$50,000 is offered. So far there are no entries owing to the inability of would-be birdmen to obtain suitable airplanes.

Booze Forces Make Last Desperate Fight For Life

WASHINGTON, March 2.—Attempts to have the prohibition federal amendment declared unconstitutional came to the fore again yesterday when the United States supreme court, convened after its February recess, received a brief from the state of Rhode Island replying to the motion of Solicitor General King to dismiss the state's suit to test the eighteenth amendment and to enjoin its enforcement in that state.

The brief declares the amendment a direct invasion of the jurisdiction and powers of Rhode Island and of the rights of its people.

The view of the federal government, that the amendment is unassailable, the brief said, can only lead to anarchy and oppression. The theory of the government, it was submitted, is so subversive of fundamental principles that its acceptance would bring a constitutional revolution.

TRENTON, New Jersey, March 2.—The New Jersey legislature yesterday completed passage of a bill legalizing the manufacture and sale of beer containing three and one-half percent of alcohol.

MILWAUKEE, March 1.—Federal Judge Geiger today legalized manufacture and sale of 2½ per cent beer in Wisconsin, upholding the state prohibition law, and giving it precedence over the Federal law. He issued an injunction restraining enforcement of the Volstead act.

WASHINGTON, Feb. 28.—D. C. Roper, Commissioner of Internal Revenue, announces that all persons found violating the national prohibition law, irrespective of state statutes which may legalize the sale of liquor.

AUGUSTA, Me., Feb. 29.—Governor Milliken of Maine today made public a list of 25 states that are ready to uphold the national dry law and will join Maine in fighting Rhode Island, which seeks to have the amendment declared unconstitutional.

T. A. Hawley, the expert welder, who for some months past has been located at Paia, has moved to a more central location at Kahului where he has opened a shop. He is now fully equipped for doing all kinds of Oxy-Acetylene Welding and Cutting, and is prepared to handle all kinds of inside and outside work promptly and on short notice.

If you have anything broken in way of machinery or other metal objects, do not throw them away until you have consulted Hawley. He may be able to save you a big replacement bill as well as a lot of time. If you are not familiar with the wonderful possibilities of the Oxy-Acetylene flame it will pay you to investigate. Mr. Hawley will be glad to tell you about it.—Adv.

GERMAN VESSELS WILL BE TURNED OVER TO ALLIES
BERLIN, Feb. 28.—During next week 120 vessels, including 8 battleships and a number of cruisers, will be turned over to the Entente powers. Much excitement is being shown among the Germans at the various ports where the vessels that are to be handed over to the Allies are now docked.

MASSACRE OF 19,000 ARMENIANS REPORTED
WASHINGTON, March 2.—Turks operating in the Marash region, Asiatic Turkey, massacred 19,000 Armenians after the evacuation of Marash by French forces, according to a cablegram received last night by Professor Hafopain, vice president of the Armenian national delegation to the peace conference.

The W. B. Stoddard Aviation Company announce passenger carrying flights from the Baldwin Polo Field, Paia. ☐ All nationalities carried. ☐ Basic rate \$10. ☐ Make reservation at Grand Hotel or on the Field.

CITIZENS OF MAUI, Attention!

War has been declared! The forces of Maui are to be mobilized at once. Orders have been issued that the army is to move against the enemy March 22.

The enemy forces are already strongly entrenched on our island. Tin cans, rubbish, old bottles, each numbering several army divisions are operating in extended order. Special detachments of barrel hoops have been detected by our Scouts and it is rumored that there are "nests" of broken dishes hidden in obscure corners. Certain "fill boxes" garrisoned with broken soda water bottles endanger transportation.

Poison gas is being used by detachments of refuse.

We must fight fire with fire. Every dweller of the island should enlist and be ready to fight during the week of March 22. We must ruthlessly apply the torch to enemy forces that will burn. Burial and deportation must be meted out to such enemies as bottles, cans and scrap iron.

There are many states that would rule, but we recognize only the United States of Cleanliness, Neatness and Order.

Against all her enemies we will fight to our last drop of perspiration.

To arms, comrade, and let us make a clean sweep of all our foes during Brighten-Up Week.

GENERAL ADVANCE

Cho-Cho Organization Making Hit In School

"Are you a Cho-Cho?"

This is the slogan now of the Maui schools. The boy or girl who is a "Cho-Cho" is a member of the Children's Health Organization and is enlisted for the purpose of developing his health and physical condition. Under the leadership of Dr. Eva Missner a great deal of interest has already been worked up in the schools, together with a keen competition among the children to increase their weight.

The drinking of milk is one of the features of this work, and the plantations are co-operating in supplying the milk necessary to feed under-nourished children. The work has had remarkable results in many mainland communities, and from the outlook now it will be equally successful here.

JUDGE VAUGHAN'S SON

KILLED IN AIRPLANE FALL
PANAMA, Canal Zone, February 27.—Lieutenant Foreman and Robert Louis Vaughan were killed yesterday when an airplane in which they were riding fell 5000 feet at Agua Dulce. The aviators were flying from France Field to Davis, 200 miles from Panama and were carrying mail.

Vaughan's father is Judge Horace Vaughan of the federal circuit court, Honolulu. Foreman's home was at Baltimore.

Keep Cool

In explaining why a chisel must be kept wet with cold water when being sharpened on a grindstone, John, the brilliant physics student, said: "A must be kept wet with water else it will become very hot and lose its temper."—Boys' Life for February.

MITCHELL AND McADOO

ANNOUNCE CANDIDACY
ATLANTA, Ga., March 2.—Attorney General A. Mitchell Palmer announced his candidacy for the Democratic nomination last night in a telegram to the secretary of the Georgia Democratic committee.

PORTLAND, Ore., March 2.—Campaign headquarters to secure Democratic presidential nomination of William G. McAdoo, former secretary of the treasury, were opened here last night.

COURT REFUSES TO

DISSOLVE STEEL CO.

WASHINGTON, March 1.—The United States Supreme Court today upheld the formation of the United States Steel Corporation together with its subsidiary iron and steel companies refusing to dissolve the so-called trust. The court upheld the New Jersey Federal court and denied the order to break up the combination said to be the world's greatest industrial organization, with assets in excess of \$2,000,000,000.

LIST OF HUNS TO BE

TRIED IS READY

PARIS, Feb. 29.—The War Criminals Commission of the League of Nations has decided to send the names of 46 persons to Berlin next week, these persons to be tried in German courts as a test of the good faith of the German Government.

NEW YORK INCOME TAX

IS UNCONSTITUTIONAL

WASHINGTON, March 1.—The Supreme Court of the United States in a decision rendered today held the New York income tax law for 1919 unconstitutional. The opinion is that the citizens of other states should have the same exemption.

"INTOLERANCE"—a word

It is the most daring innovation in the history of Drama since the time of the Ancient Greek. It cost more than any ten plays you ever saw. The plot annihilates time and space. Four stories of different Eras of the World's development merge into a mighty climax that keeps alive the hope of redemption in the heart of Man and reveals the evolution of a thousand centuries.

A New Art form that illuminates every fundamental Beauty of Drama, Music, Literature and Painting. It is pre-eminent because it tracks "INTOLERANCE" to its lair and dares to tell the truth.
